

REPORT OF UAW LOCAL 2865 ELECTION COMMITTEE

Pursuant to the UAW Local 2865 Bylaws, UAW Constitution and the UAW Election Guide, balloting for UAW Local 2865's Constitutional officers took place on April 26, 27, and 28, 2011. The initial tally of ballots occurred on April 29 and 30, 2011. On April 30, 2011 tallying was suspended as it was impossible to maintain quorum of the Elections Committee.

During an elections committee conference call on May 3, 2011 the elections committee voted to allow counting to continue with a minority of the elections committee present, due to scheduling conflicts. Tallying resumed on May 5, 2011, and continued through May 8, 2011. At the elections committee's recommendation, the opposing slates participated in mediation on May 5 and 6, 2011 in an attempt to reduce the number of potential challenges. The mediation failed.

During the course of the voting and tallying of ballots, various parties made numerous objections and challenges. Due to the number and seriousness of the challenges and objections, the full Elections Committee (via conference call) decided on May 6, 2011 to count all of the ballots where voter intent was clear to all sides rather than resolve the challenges and objections.

As a result, the Elections Committee (via conference call) also unanimously decided on May 8, 2011 that adjudicating all challenges and objections is beyond the expertise of the Elections Committee and that these challenges and objections should be adjudicated and resolved as per the process outlined in UAW 2865's bylaws, UAW Constitution and the UAW Election Guide.

Attached to this Report are a number of appendices. They include the official ballot tally and canvass that records the results without any findings on the challenges and objections. The specific challenges and objections as recorded when they were made are set forth below. Also attached is the inventory of all ballot material. This inventory was conducted on Thursday May 5, 2011, before counting resumed.

The Elections Committee unanimously approved this report and its appendices via conference call on May 8, 2011.

UC Merced Vote Totals

No Boxes from Merced were delivered to the Tallying Location.

Appendix II. Broad-Based Challenges and Objections

Note: the Elections Committee makes no findings or resolutions regarding the challenges and objections below, we have only compiled them as part of our report.

AWDU Challenges and Objections

1. Challenge to all UCLA ballots because 43 ballots were missing from the initial total at UCLA.
2. Challenge eligibility of candidates: Marquel Craddock, David Selby, Sayil Camacho, Jacob Berstien-stern, Jorge Cabrera
3. poll worker sealed both envelopes for at least 5 voters on 4/27 at Math and Science location.
4. 04/26 and 04/27, female AWDU worker boxed out by USEJ worker, physically obstructed from talking to voters
5. USEJ talked to voters in Circle on several campuses
6. Challenge whether ballots are eligible -- Jacob Burnstein-Stern, Jorge Cabrera, Sayil Camacho, Marquel Craddock, Graciela Fernandez, Julietta Lungner, Antony Lyon, Jeff Otter, David Selby
7. 4/28 at UCLA polling location first batch of envelopes had no outer envelope, poll worker had voters recast ballots with outer envelopes
8. Sayil Camacho was observed telling voter last day to vote was Tues at Weyburn at UCLA
9. At Irvine, Box 1.2 was re-opened and re-sealed.
10. At Riverside, 3 Boxes challenged - Box 1, 7, 8 -- it is impossible to tell if the boxes have been reopened and resealed
11. All boxes challenged at Riverside because 236 ballots are missing
12. All boxes challenged at Santa Barbara because Ryan Mohr, pollworker and election committee member, had USEJ campaign material and only removed it when asked (picture evidence upon request).
13. Many boxes at UCSD were inappropriately sealed.
14. Challenge the inclusion of Spoiled Ballots in the Vote count
15. Illegal Use of Union Resources for Partisan Campaigning
16. Challenge to the eligibility of candidates Sayil Camacho, Jacob Burnstein-Stern, Marquel Craddock, and Vish Soroushian on the ballot for the Triennial Election.

USEJ Challenges and objections

1. Polls opened between 1/2 hour and an hour late at multiple voting locations at Davis, Los Angeles, Berkeley, Irvine and Santa Barbara.

2. Voting was cancelled completely at Family Housing at Berkeley on Wednesday, April 27th.
3. Voting was cancelled completely or nobody could find polls at Merced on Thursday, April 28th.
4. At Los Angeles, no outer envelopes were used for several hours of voting on Tuesday, April 27th and Wednesday, April 28th
5. Elections Committee members actively campaigned, including Lizzy Mattiuzzi, Adam Hefty, Sara Smith, and Nick Perrone.
6. Three elections committee members were present and involved in decisions influencing the election before they resigned to become candidates in the election.
7. At Berkeley on Wednesday, April 27th, after the start of voting, an election worker opened the ballot box by himself at Sather Gate and was seen putting materials in the ballot box by candidate Daraka Larimore-Hall. (picture)
8. Santa Barbara Elections Challenger Seong Hee "Sunny" Lim actively campaigned within the election cordon, and discouraged at least one voter from casting a ballot. In addition, she misdirected a voter away from the ballot box and then challenged their ballot based on the results of her deliberate misdirection.
9. Davis member Kristina Blumeyer-Martinez was told by a poll worker that she "had to pay" in order to vote on Thursday, April 28th during voting at family housing.
10. AWDU activist Eran Zelnik aggressively berated and intimidated a voter for several minutes at Orchard Family Housing at Davis on Wednesday, April 27th.
11. Voter and candidate intimidation was rampant. At UCLA, AWDU candidate Charlie Eaton berated and harrassed voters throughout the voting period.
12. A concerted campaign of disinformation was employed by AWDU activists, including false information about union staff income, student status, and eligibility, which suppressed voter turnout.
13. Elections committee member Adam Hefty was quoted in the Daily Cal as saying that the protocol voted on by the Elections Committee encouraged voter fraud. This suppressed voter turnout.
14. AWDU candidate Mindy Chen campaigned inside the no-electioneering circle on Wednesday, April 27 at approximately 1:30 pm. When told to stop, she resorted to yelling "Vote AWDU" at the voters lining up inside the circle.
15. AWDU candidate Renee Hudson followed Jorge Cabrera with a sign at UCLA YRL on Wednesday, April 27. Several AWDU candidates followed Coral Wheeler with signs during voting at UC Irvine.
16. AWDU challenger Elise Youn campaigned inside the no-electioneering circle throughout voting at UCLA.

17. AWDU Elections Challengers filed tit-for-tat challenges based solely upon their objections to USEJ challenges, according to public pronouncements by Kyle Arnone. Elise Youn in particular seemed unable to articulate her challenges without referring to the challenged Berkeley boxes and/or consulting with Charlie Eaton.
18. Elections Committee members were subjected to intimidation and physical threats by AWDU activists and challengers when the vote count was halted on Friday, April 29. These led to Elections Committee members and USEJ Challengers having to flee the room for their own safety.
19. USEJ Challenger Des Harmon was audio recorded without his consent, and pictures were taken of ballots he challenged on Friday, April 29. When the person who was recording and photographing him (Kyle Arnone, AWDU candidate for Trustee) was asked to leave, he became belligerent, insulting and using foul/threatening language toward both Harmon and the members of the Elections Committee.
20. AWDU activist Bron Tamulis referred to USEJ Challenger Des Harmon with a homophobic slur when the vote count was halted on Friday, April 29.
21. Challenges to Berkeley boxes 1, 6, and 7 (as well as parts of box 16 and 17) were essentially rendered void by Adam Hefty and Lizzie Mattiuzzi when they decided to combine ballots from those boxes with ballots from non-challenged Berkeley boxes, thus tainting the entire Berkeley vote with challenges that the Elections Committee as a whole never discussed.
22. Berkeley Elections Committee alternate Lizzie Mattiuzzi told USEJ challenger Des Harmon to leave the room when he objected to the blending of boxes in #14 on Friday, May 6.
23. AWDU campaign emails were circulated by management (faculty) at Riverside and possibly at other campuses.
24. The open ballot boxes were in possession of one party (AWDU) for three full days.
25. Voters were told that ID was required to vote at UCLA and UC Davis.
26. AWDU actively campaigned to gain faculty signatures on a misleading petition in an effort to influence the vote count process.
27. AWDU staged an "occupation" of the Statewide local union office in an attempt to pressure the elections committee to make decisions on vote count procedures that were beneficial to their side.
28. Public campaigning by Elections Committee members: Sara Smith (prior to resigning), Nick Perrone (prior to resigning), Adam Hefty (throughout process)
29. Davis daily reports not submitted per protocol
30. No ballots returned or counted from Merced
31. At least one of the Elections Committee members, who has campaigned publicly for one caucus, has been touching the ballots and all elections material: sending emails

urging union members to vote a particular way, sending emails of protest to the election, discouraging candidates from participating in the current administration of the Local

32. Intimidation of candidates prior to elections
33. Counting sheets not filled out at Berkeley or LA
34. No outer envelopes used at UCLA for several hours of voting
35. Davis housing polling station opened one hour late on 4/26
36. UCLA polling stations opened 1 hour late on 4/26
37. Polling stations opened late at Irvine and Santa Barbara
38. Several ballot boxes lacked a hole in the top for inserting/casting ballots
39. Several ballot boxes lacked proper signatures and seals
40. On 4/27 Mindy Chen campaigned within circle, harassing voters
41. AWDU candidates following USEJ candidates with signs including false information to deceive voters
42. Candidates handling ballots at tallying location.
43. Challengers were allowed on numerous occasions to handle ballots and other election materials at the tallying location
44. Challengers who had not registered prior to count allowed to act as challengers during count
45. Challengers allowed into count who were not eligible (Brian Riley signed up at polls, after deadline to register as challenger)
46. Faculty, who function as management/supervisors for bargaining unit members, campaigning on behalf of one caucus
47. AWDU held caucus meetings at employer premises (IRLE Berkeley), to which other caucus not invited
48. Chris Tilly, UCLA faculty, interfered in ballot counting process
49. One caucus, AWDU at Davis, advertised its caucus meeting to be at same time/location as official union membership meeting, suggesting that AWDU was the same as the Union
50. Berkeley challenges.
 - a. Box 1: discrepancy of 32 ballots between the poll worker's initial count and the number found in the box.
 - b. Boxes 6 and 8: seal challenge (no signature over tape)
 - c. Box 13-18: USEJ does not acknowledge that Philippe sent a report for the 3rd day
 - d. Box 18: a USEJ candidate (Donna Fenton) asked the poll worker for a tally before the poll had closed, and the poll worker gave an approximate number. The box is being challenged because that number differs from that found in the box.

- e. Box 2: 42 out of 44 ballots had no envelopes. Also, there is a discrepancy of 65 ballots between the initial count and the number found in the box.
- f. Box 8: There is a discrepancy of 26 between the initial count and what was found in the box.
- g. USEJ raised their challenge to all Berkeley boxes, due to ballots from at least one challenged box being mixed in the other ballots during alphabetization on May 5th.
- h. USEJ also raised the issue of the cancelled poll at University Village on 4/27, which would be a global challenge.

Appendix IV. Spoiled Ballots

Note: Due to the number and seriousness of the challenges and objections, the full Elections Committee (via conference call) decided on May 6, 2011 to count all of the ballots where voter intent was clear to all sides, including spoiled ballots and challenge ballots, as long as the ballot was not spoiled at the polling location. Below is the list of all ballots spoiled at the polling location.

Notes:

- Empty cells are due to incomplete information. However, all campuses had enough information to perform at least one of two consistency checks.
- The pre-mediation spoiled and challenge ballots on May 5 (K,L) may vary from the amount previously noted (H,I) because of changes in the status of ballots during the count (e.g. a secret ballot env. was opened and a spoiled ballot was found during the count).
- UCLA boxes were only opened on May 5.
- Santa Cruz ballot box summary form and campus tally sheet were lost, so each category of ballot was recounted on May 5.
- Challenges counted here and inventoried on the next sheet do not account for whole box challenges at Berkeley (1,6,8,13-18).
- Challenges counted here include 44 ballots (42 loose, 2 with envelopes) in UCLA box #2.
