Président Dennis Williams
UAW International

Dear friends and comrades.

We want to support your decision to campaign for BDS, and your solidarity with the Palestinian people and workers.
We are also involved in this campaign in France and we are under great pressure too.
Reactions against us are growing in many places because the BDS campaign is becoming more successful.
It is about time that more trade unions join the BDS campaign.

In solidarity,

Union syndicale Solidaires (France)
